Marni Baker-Stein

Rishit Pankajkumar Lahoti

Marni Baker-Stein,
Chief Content Officer

has successfully completed the online Professional Certificate

Microsoft Python Development

Prepare for a career as a Python developer and build in-demand skills with the Microsoft Python Development Professional Certificate. You'll learn core programming concepts, data analysis, web development, automation, and advanced techniques like AI integration and cloud computing. Through hands-on projects, you'll build a portfolio showcasing your ability to develop diverse applications, from web apps to data analysis tools and automation scripts.

This certificate attests to the learner's completion of an online program delivered via Coursera. It does not constitute formal enrollment at any university or entity and does not itself grant academic credit, grades, or a degree. Institutions or organizations may, at their discretion, recognize this learning toward their own programs or credentials.
